Alloy Boats N.T.

XMD Dinghys

The serious “dinghy” for serious fisho’s that prefer the Tiller steer configuration.

The Xtreme **XMD** range is the King of the Dinghy’s. With its spacious interior, well layed out fixtures and the performance to match its sleek looks the XMD has a lot of serious Tiller drivers envious. These boats are designed to meet the instant steering response required by “dinghy” owners yet provide an ‘xtremely’ strong and practical boat that can be passed down to the grandchildren.
